SKILLS

- Interaction Design
- Proficiency in Design tool Figma
- Wireframing and Prototyping
- Responsive Website & Application Design
- HTML & CSS

PROJECTS

GARDENING SERVICE APP DESIGN

- Designed an intuitive and user-friendly gardening service app using Figma, creating high-fidelity wireframes and interactive prototypes to streamline user experience.

STREAMING SERVICE APP DESIGN

- Spearheaded the conceptualization and design of a cutting-edge streaming service app using Figma, focusing on intuitive navigation and immersive content presentation.

GROCERY WEBSITE DESIGN

- Led the design process for a modern grocery website, leveraging Figma to create visually appealing layouts and intuitive user interfaces.

CLOTHING WEBSITE DESIGN

- Orchestrated the design of a captivating clothing website, utilizing Figma to craft compelling visuals and enhance user engagement through intuitive navigation.
